* You can enter the building from the east side, Cherry Street entrance, then walk to the central stairs or elevator, traveling down to reach the lower level. The area is most easily accessed from the Kansas Street entrance to the building. Kansas Street is on the west side of the building, parallel to Cherry Street.

Regardless of entrance point, members will wish to park in the multi-level parking structure at the north east corner of Loula and Cherry Streets. Most of the parking in the multi-level structure is not time limited, and unless it is snowing or raining, you will find the Olathe Police Department rigorously enforces the one and two hour parking adjacent to the Administration Building.
