

KCMAPT

Kansas City Metro Association of Permit Technicians

2010 SPRING TRAINING SESSION

2009 International Building Code Update

8:30-11:30am

This seminar introduces participants to the major changes from the 2006 IBC to the 2009 IBC with an emphasis of the changes contained in Chapters 1-11. The lecture and activity format allows participants to discuss the changes, reasons for the changes, and answer knowledge review questions. Information presented will allow participants to apply these new code requirements to design, plan review, and/or inspection.

Kansas Disaster Assessment Certification Training

1-5pm

The Heart of America Chapter of the International Code Council is offering this certification class for inspectors, administrative assistants, architects and engineers. Working in partnership with the State of Kansas and the American Institute of Architects, this program provides volunteers to assess damage in a community resulting from a major disaster. Qualifying individuals will be taught the principles of rapid assessment, data collection and analysis.

The Kansas City Metro Association of Permit Technicians invites you to attend the spring 2010 training opportunity.

**Thursday, March 11th
8:30am - 5pm**

Unified Government of
Wyandotte County,
Kansas City, KS
